Dear Darren:

I would like to take this opportunity of thanking you for your great work on the Smithers Provincial Government Building Project.

It is without a doubt, this project would not have been the success it was if it were not for your efforts. You and Progressive Ventures demonstrated a high degree of professionalism and quickly gained my confidence. Given the complexity of the project and the nature of the client groups, your expertise and commitment to detail contributed greatly to the success.

I would not hesitate to engage your firm once again in this type of project.

Yours truly,
